Hi Kris,

I have questions about our reserves. In the [2026 Budget Draft Presentation](#), page 13 highlights a number of reserve accounts, where they are in 2025, and where they are projected to be at the end of 2026.

1. Is this an exhaustive list of our Reserve Accounts? Or is there a complete list of reserve funds that you can provide?

2. When comparing the budget to the the [2026 Capital Forecast](#), I have noted some discrepancies in the names and departments listed. Is one document deemed the source of truth that I should be following? ie. Under Administration in the Budget, Hummel Bridge Replacement Reserve is listed, yet in the Forecast it is listed under Public Works as the Hummel Bridge Reserve.

In the 2024 Capital Forecast, there are 2 lawn mowers listed as needed for replacement.

RECREATION CAPITAL FORECAST			
YEAR	PROJECT DESCRIPTION	ESTIMATE	METHOD
2024	½ lawnmower *if not required in 2024, place into reserve for actual need	\$7,500	Taxation
2025			
2026	½ lawnmower *if not required in 2024, place into reserve for actual need	\$7,500	Taxation

In 2025, we saw this change to just 1.

RECREATION CAPITAL FORECAST			
YEAR	PROJECT DESCRIPTION	ESTIMATE	METHOD
2025	Engineered drawings for a permanent pad at the outdoor rink space for multi use/multi season facility.	pending	
2026	½ lawnmower *if not required in 2026, place into reserve for actual need	\$7,500	Taxation

3. Did we purchase a lawn mower in 2024? What was the cost of the mower?

In 2026,

RECREATION CAPITAL FORECAST			
YEAR	PROJECT DESCRIPTION	ESTIMATE	METHOD
2026	Ground maintenance/new chips for playground	\$7,500	Reserves
	Chapman's Landing Dock – replace decking, investigate piers and structure	\$70,000	Taxation/Reserves AMP Table 5.5
2027	½ lawnmower *if not required in 2024, place into reserve for actual need	\$7,500	Taxation

4. Why did we revert to "if not required in 2024", given in 2025 we suggested "if not required in 2026"? I am assuming it is just a typo, but it leads to my next question.

5. Is there any resolution or item in the budget that highlights when the money was actually placed into a reserve account? And what was the name of that reserve account?

I am mostly confused as to why it continues to list taxation as the method even this year. Especially considering that the Reserves Plan and the Budget highlighting what is in the reserve accounts.

RECREATION RESERVES PLAN			
YEAR	RESERVE DESCRIPTION	AMOUNT	FOR USE
2026	Dock/Boat Launch Reserve	\$2,500	
	Community Centre Building Reserve	\$7,500	
	Fitness Centre Reserve	\$2,500	
	Rink/Playground – Heritage Park Reserve	\$3,000	

Recreation			
Community Centre	\$ 42,100.00	\$ 27,600.00	
Heritage Park/Playground	\$ 15,550.90	\$ 11,050.90	
Fitness Centre	\$ 18,000.00	\$ 20,500.00	
Bottle Drive Revenue (donation dependent)	\$ 13,076.75	\$ 3,076.75	Depends on actual
Public Docks/Boat Launch	\$ 10,000.00	\$ 2,500.00	

This is especially confusing, considering where the Cemetery is listed at in terms of a balance at the end of 2025 in the 2026 Budget.

Department	2025 Balance	Projected 2026 Balance
Administration		
Working Capital	\$ 1,014,580.63	\$ 1,014,580.63
Pay Equity-HR Projects	\$ 2,455.48	\$ 2,455.48
Software Purchase	\$ 74,885.07	\$ 27,885.07
Asset Management Program	\$ 70.55	\$ 70.55
Cemetery	\$ 46.00	\$ 2,046.00

Appreciate your help in clearing this up.

Thank you for your email.
I am out of the office at training today and will attend to this tomorrow.

Subject: Reserves

Hi Kris,

I have questions about our reserves. In the 2026 Budget Draft Presentation, page 13 highlights a number of reserve accounts, where they are in 2025, and where they are projected to be at the end of 2026.

1. Is this an exhaustive list of our Reserve Accounts? Or is there a complete list of reserve funds that you can provide?

This is a list of all reserves, some are combined for ease of explanation. Each is listed in a General Ledger account for office use.

2. When comparing the budget to the the 2026 Capital Forecast, I have noted some discrepancies in the names and departments listed. Is one document deemed the source of truth that I should be following? ie. Under Administration in the Budget, Hummel Bridge Replacement Reserve is listed, yet in the Forecast it is listed under Public Works as the Hummel Bridge Reserve.

Some names are a few words different in different documents but all are easily identified and understood.

In the 2024 Capital Forecast, there are 2 lawn mowers listed as needed for replacement.

RECREATION CAPITAL FORECAST			
YEAR	PROJECT DESCRIPTION	ESTIMATE	METHOD
2024	½ lawnmower *if not required in 2024, place into reserve for actual need	\$7,500	Taxation
2025			
2026	½ lawnmower *if not required in 2024, place into reserve for actual need	\$7,500	Taxation

In 2025, we saw this change to just 1.

RECREATION CAPITAL FORECAST			
YEAR	PROJECT DESCRIPTION	ESTIMATE	METHOD
2025	Engineered drawings for a permanent pad at the outdoor rink space for multi use/multi season facility.	pending	
2026	½ lawnmower *if not required in 2026, place into reserve for actual need	\$7,500	Taxation

3. Did we purchase a lawn mower in 2024? What was the cost of the mower?

There are 2 mowers to be replaced. One purchased in 2013 – replaced in 2026.

The second mower purchased in 2014 will need to be replaced in 2027.

It was missed in the forecast notes as it appeared to be a duplicate entry. That will be corrected in 2027.

In 2026,

RECREATION CAPITAL FORECAST			
YEAR	PROJECT DESCRIPTION	ESTIMATE	METHOD
2026	Ground maintenance/new chips for playground	\$7,500	Reserves
	Chapman's Landing Dock – replace decking, investigate piers and structure	\$70,000	Taxation/Reserves AMP Table 5.5
2027	½ lawnmower *if not required in 2024, place into reserve for actual need	\$7,500	Taxation

3. Why did we revert to "if not required in 2024", given in 2025 we suggested "if not required in 2026"? I am assuming it is just a typo, but it leads to my next question.

As explained above, the entries were combined resulting in the error.

4. Is there any resolution or item in the budget that highlights when the money was actually placed into a reserve account? And what was the name of that reserve account?

This information will be provided in a staff report at the August 20th Special Meeting of Council.

I am mostly confused as to why it continues to list taxation as the method even this year. Especially considering that the Reserves Plan and the Budget highlighting what is in the reserve accounts.

This information will be provided in a staff report at the August 20th Special Meeting of Council.

Items that will require taxation, including items that may be placed into reserve, come from grants or taxation; in the year the reserves are used, they are identified.

RECREATION RESERVES PLAN			
YEAR	RESERVE DESCRIPTION	AMOUNT	FOR USE
2026	Dock/Boat Launch Reserve	\$2,500	
	Community Centre Building Reserve	\$7,500	
	Fitness Centre Reserve	\$2,500	
	Rink/Playground – Heritage Park Reserve	\$3,000	

Recreation				
Community Centre	\$ 42,100.00	\$ 27,600.00		
Heritage Park/Playground	\$ 15,550.90	\$ 11,050.90		
Fitness Centre	\$ 18,000.00	\$ 20,500.00		
Bottle Drive Revenue (donation dependent)	\$ 13,076.75	\$ 3,076.75	Depends on actual	
Public Docks/Boat Launch	\$ 10,000.00	\$ 2,500.00		

This is especially confusing, considering where the Cemetery is listed at in terms of a balance at the end of 2025 in the 2026 Budget.

Amounts for the lawnmower to be included in the end of year reserves entry to the Working Capital Reserve. This will be explained at the August 20th Special Council meeting.

Department	2025 Balance	Projected 2026 Balance
Administration		
Working Capital	\$ 1,014,580.63	\$ 1,014,580.63
Pay Equity-HR Projects	\$ 2,455.48	\$ 2,455.48
Software Purchase	\$ 74,885.07	\$ 27,885.07
Asset Management Program	\$ 70.55	\$ 70.55
Cemetery	\$ 46.00	\$ 2,046.00
